MINI

100% GENUINE 100% UNIQUE.

With a MINI there is so much more you can do than just pick the paint colour. The beauty of MINI means, no matter what your model of choice, you can make it almost as individual as you are. So from high-quality alloy wheels, unique exterior detailing to our iconic roof decals – the fun really starts here.

MINI NEVER STANDS STILL.

JOHN COOPER WORKS AERODYNAMIC KIT.

The aerodynamic kit is a sophisticated piece of engineering that visually reflects the John Cooper Works sporting heritage.

Featuring a black ventilation grille and fog lights trimmed with black fins, the front apron underlines the car's dynamism. The bold lines of the chunky side skirts end in racing-style air intakes. The side skirts come in body colour, while the wheel arches are available in either black or body colour. An imposing rear apron, featuring black fins above the rear fog lights, completes the aerodynamic kit.

TRACK DOWN YOUR STOLEN MINI WITH TRACKSTAR.

NEARLY HALF A MILLION VEHICLE RELATED THEFTS WERE REPORTED OVER 2009/10, AND 2011 SHOWED A 7% INCREASE.[1]

There is a solution – the key to recovery is speed. MINI Trackstar is the only MINI UK approved stolen vehicle recovery product which can pinpoint the location of a stolen vehicle, which means in the unlikely event that your vehicle is stolen, MINI Trackstar can assist you in locating it and getting it back.

- Endorsed by all Police Authorities
- Protects against unauthorised movement
- Insurance approved
- European cover as standard[2]

Vehicle theft is an unfortunate fact of modern life however with the comprehensive security systems your MINI offers, you are covered against most types of potential car theft. Despite this fact, the ever increasing levels of sophistication in car/key theft mean you don't always know what's round the corner.

Vehicle theft is as inconvenient as it is distressing and there is a strong possibility that your vehicle could never be recovered.

MINI Trackstar is a MINI UK approved product.

MINI TRACKSTAR PRODUCTS.

MINI TRACKSTAR PROVIDES:

- Protection against illegal movement of the vehicle, via its unique motion sensor detector.
- Full battery back-up, which ensures that your vehicle is protected in the event of the battery being disconnected. The system automatically arms when the ignition is switched off.

This means if your vehicle is moved illegally, your in-vehicle unit will immediately alert the Control Centre and provide the exact location of the vehicle. You will then be contacted to confirm that your vehicle has been stolen. The Control Centre will then contact the Police and continually track your vehicle which will then be returned to you once recovered.

INSURANCE APPROVED.

MINI Trackstar is an insurance approved security product, so you may be entitled to an insurance discount.

ia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Liechtenstein, Lithuania, sia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and Ukraine.

MINI TRACKSTAR[3].

MINI Trackstar is a small covert electronic device installed in your vehicle which utilises state of the art technology such as GPS (Global Positioning Satellite), GSM (Global Systems for Mobile Communications) and an integrated motion detector in order to accurately locate your vehicle, should it be stolen.

Therefore, either when you report a theft or the Control Centre contact you to advise you of a possible illegal movement, the unit is activated and tracking will commence.

MINI Trackstar attracts full Thatcham Quality Accreditation (CAT 6).

MINI TRACKSTAR 5[3].

The MINI Trackstar 5 unit operates in the same way as the MINI Trackstar unit but incorporates the added benefit of a Driver Authentication Device.

If the Driver Authentication Device is present the MINI Trackstar 5 unit can detect that the person driving the vehicle is authorised to do so, therefore in the event of a theft where the thief does not have the Driver Authentication Device, the Control Centre is alerted.

Reports have shown that an increasing trend amongst car thieves is to steal the vehicle's keys. Thus without the Driver Authentication Device, the theft will be identified promptly and ultimately increase the likelihood of a successful recovery.

MINI Trackstar 5 attracts full Thatcham Category 5 Accreditation.

MINI TRACKSTAR ON-DEMAND[3].

MINI Trackstar On-Demand is a web based technology enabling you to track your vehicle, view recent journeys and run business / private mileage reports.

For more information please contact your MINI Dealer.

THERE IS AN EASIER WAY TO PROTECT YOUR MINI.

MINI Seal & Protect is a paint, interior and cloth upholstery protection system from MINI designed to keep your paint perfect, your cloth clean and your MINI looking mint.

With MINI Seal & Protect we'll give your car a showroom shine with MINI Hard Wax. This super-smart wax has more than one trick up its sleeve. Not only does it improve the water-repellence and surface resilience of your paintwork, but it also actively enhances it, meaning your beloved MINI will stay looking as good as new.

It doesn't stop there. The inside of your car gets just as much attention from the MINI Seal & Protect team. The MINI science bods have developed an impregnating agent that is applied to your cloth upholstery and carpets, protecting them against the damaging effects of moisture and keeping the inside of your MINI in top shape.
